ISSUED EVERY FRIDAY  
Entered at the post office at Canal Point, Fla., as second class matter  
K. H. BOWEN,  
Editor and Manager.  
PAUL BARDIN,  
Managing Editor.

Next Thursday, Thanksgiving.

Have you counted the days 'til Christmas?

Do you have your cranberries to go with that turkey?

The hunting season opens and fish stories give way to stories brought back from the woods.

"Hundreds of people in the Lake Okechobee region will be thankful that a certain magazine's prediction went haywire."

The hunting season is upon us. Remember the rules of sportsmanship and above all, BE CAREFUL while in the woods.

During the past three and one-half years the foundation has been properly placed for four years of prosperity. Are you planning to lay up something for a rainy day?

Pahokee will entertain the agricultural committee of the State Chamber of Commerce, a week from Saturday. Members of the committee will have opportunity to see first-hand the greatest winter vegetable producing area in the world.

With the heavy increase in traffic in the Lake Okechobee region it behooves every motorist to exercise utmost caution. Boys and girls going to and from school must be protected. Let's do our best to guarantee them a safe trip each day of the week.

Hundreds of prospective automobile buyers have visited show rooms in this section during the past week and commented favorably upon the new models. Automobile engineers have outdone themselves this year to make your motoring days a pleasure.

Another leading name has been added to the long list of Miami winter residents. Jack Dempsey will operate the Dempsey-Vanderbilt club here under a ten-year lease. Jack's name has been in headlines since that July day in 1919 when he toppled the great Jess Willard at Toledo.

Have you visited the packing house section of Belle Glade lately? If you have it will be well worth your time. Many new packing houses have gone up this season and the place is a bee hive of activity as carloads of cardboard boxes of fancy beans are graded, packed and made ready for shipment to the northern markets.

January first will find employees and employer digging down into the old payroll for one per cent as security against old age. Some think the plan will not work but others are thoroughly sold on the idea. Anyway, will you have a check coming in monthly. Then, too, you can feel that it is money that you earned during younger days.

Bean growers in this section were a little uneasy a couple of nights during the past week. It looked like this section was scheduled for a frost. But, Dame Nature was kind and the harvest goes merrily on. Prices this week have been better and with the cooperation of the elements this section will enjoy a bountiful Christmas season.

Frank Hobson's Pahokee Blue Devils go into action tonight on the home field after several weeks play away from home. There is no doubt but what the big, enthusiastic fans will greet the boys when they trot out on the field. The BIG game of the season is scheduled for Friday night, December 4, when the locals meet the highly touted West Palm Beach outfit. This particular game should draw the biggest crowd in Pahokee foot ball history.

## AS OTHER EDITORS SEE IT

**FLORIDA'S MINIATURE NRA**  
If fixing of prices under the NRA is unconstitutional, where does the Florida Milk Control Board find its authority to control the price of milk? Why milk in distry had this law passed at a recent session of the legislature.

The law looks like a conspiracy between the big dairies and the politicians—the dairies get an exorbitant price for their produce and the politicians get the jobs.

It is also constitutional to fix the price of groceries, job printing, dresses, permanent waves and everything else. Why not have a Dress Control Board for the dress shops, a Grocery Control Board for the groceries and so on for every retailer?

Inspection of milk is an important and necessary function of government. However, this service is not carried out by the Milk Control Board but by the Department of Agriculture at an additional cost of \$27,000 per year.

The Milk Control Board is a conspiracy against the babies and children of Florida. Many a poor family can not pay the exorbitant price of 17 cents a quart and hence children are being denied the nourishment they should have. The law should be recognized for what it is and repealed at the next session of the legislature.

**THE DIGEST MISTERY**

The Literary Digest was unbecomingly bloody but unbowed in a long discussion of presidential politics. I confess that I missed by a mile but nevertheless refuses to reform. Did the democratic party, the Digest asks, quit after taking it on the chin time and time again? No! Did the Minnesota football team quit its remaining games when it lost one after winning a long string? Of course not! And so the Digest, baffled but game, announced that it will cut the straw vote bribe when it comes to it.

The best excuse the Digest can

offer for going kerplunk is that it was just one of those things. The editors testify that they conducted this year's poll just like all the others that came out approximately right and very understanding why, in the light of the landslide they missed it so widely. They reject, with positive proof and valid opinion, all the many reasons for the failure of the poll.

That seems to be the gist of it, sure enough, but it is so difficult to understand why that is difficult that many won't accept the explanation. This particular game should draw the biggest crowd in Pahokee foot ball history.

According to brother Knight, a columnist I'm a total loss. The most popular theories as to why I don't know what I'm doing in the Grand Canyon. Furthermore I'm careless, unobservant and inconsistent for, for some reason, I don't know what I'm doing in the Grand Canyon.

What does that leave? It leaves nothing. I suggest or offer the strangest response that ever straw vote encountered. Skull-duggery on a scale so large seems to be the only way to get the equally unbelievable. Discounting the difficulties of stacking the deck, the lack of necessity of dealing with the "Lans" is that there was hardly enough money at large in the campaign to cover the cost of the election.

It is sure, as the Digest concludes, a mystery that baffles so many. I suggest, however, that it couldn't happen, but it did. And maybe it's all for the best. Straw vote is a thing that couldn't become an evil, too, unless it were in their place.

PT. MYERS NEWS-PRESS.

**THE CONFUSING BALLOT**

In spite of all that was done by the state to make the public school system and the newspapers to inform the people how to vote for presidential electors, many of them still turned their ballots. Some were voted for two or three democratic electors, and four or five Republican electors. At least one man scratched out all electors and wrote the name of Roosevelt across his ballot. Sanford Herald.

**SOCIAL SECURITY EXEMPTIONS**

Under the social security act passed by the last congress, there are many exemptions. Any worker will come within its provisions. The act was, however, to meet the needs and requirements of those having steady annual employment in the mail. For instance, one who employs himself is ineligible to participate in the old pension set up. Employees of railroads are ineligible in almost totally. The government makes provision for them through its close supervision of carriers.

A hired man on the farm is not entitled to its provisions. Neither is a domestic servant in the home. In this class also falls what is known as casual labor—one who is hired here and there and somewhere else tomorrow. Also exempt from the provisions of the act are employees on vessels, generally, but not specifically. Anybody in the service of the United States Government cannot avail himself of the provisions of the act. This also applies to employees of any state, county and city employees therefore are not eligible to take part. This applies to school teachers, firemen, and the like.

The ninth class not eligible to take part are employees of religious, charitable, scientific, literary or educational institutions where no part of the earnings inure to the benefit of any private individual or individual. Palm Beach Post.

**BULL GOES FARMER**  
Aiken, S. C.—While attempting to lead a bull to its pasture, D. Perry Hankinson, a farmer, was gored to death by the animal.

**JUST WEARS THEM**  
When you get home shoes before you sneak upstairs? Wetmore—Man! I get home at 2 a. m. I don't care if my shoes when I go to bed.

## TOO LATE TO CLASSIFY

By Russell Kay.

A couple of weeks ago I let myself go, took down my hair and to the best of my humble ability attempted to describe the charm and beauty of West Florida. I tossed orchids about with utter abandon, used up a whole lot of words of high class adjectives and thought I'd pretty well covered the territory from Pensacola to the Panhandle. But when I went back out in that last week last week to attend the Press convention, editor Knight and I decided to record and proceed to get me into all the languages, including the Scandinavian.

According to brother Knight, a columnist I'm a total loss. The most popular theories as to why I don't know what I'm doing in the Grand Canyon. Furthermore I'm careless, unobservant and inconsistent for, for some reason, I don't know what I'm doing in the Grand Canyon.

To make matters worse, a check of my previous work has disclosed the fact that I also failed to mention Wewahatcha and Seelye, but I explained to the "Lans" that I had to hurry for that it wasn't intentional because I thought I was writing a story for the tourists and they didn't want to draw a map.

While Pensacola didn't attempt to do me bodily harm, they let it be known that they got a little all right as far as it went. I overlooked the Naval Air Station, Ft. Barrancas, Pensacola Beach and a host of other important points. At Panama City it seems I neglected to mention the paper mill and it was pointed out that I failed to have my nose examined or something, and to cap the climax even my old friend Walter Hays of Orlando takes me to task for not warning folks about the cows on the highway, so it seems that to the tourists and visitors to find out for themselves I wanted to find out for myself.

But I wasn't trying to tell EVERYTHING. I thought it was a good idea to leave some things for the tourists and visitors to find out for themselves. I wanted to find out for myself. I wanted to find out for myself. I wanted to find out for myself.

The Press convention was highly successful and seemed to satisfy everybody but a few disgruntled egos who had the crazy idea that on account of it being a gathering of newspapermen, we ought to spend at least some of our time discussing problems affecting the craft. How to Secure More Advertising and "What to do about Delinquent Subscribers."

But any experienced convention delegate knows that in a two-day session nobody has time for such nonsense and besides it would be disastrous to the guests who would have to travel a long way to get to the Acoro Grow and the Important of Mosquito Control.

Now don't get me wrong. I ain't saying that the subject of NEWSPAPERS should not be discussed. I'm simply explaining that the subject is out of place at the Press convention. The trouble is, newspaper folks have been asleep at the switch. Instead of worrying over the problem of trying to talk about themselves, they let their own convention, what they ought to be talking about, slip from their own date organization.

When the Bar association meets again, what we ought to do is to have on their meeting and make them lawyers listen to a 2-hour talk on NEWSPAPERS. Then we could have a flyin' squadron of able

ASK US ABOUT OUR WEEKLY SAVINGS PLAN

orators to gallop history and you tell our story to the Cattlemen's association, the Horticultural society and the Junior Chamber of Commerce, Optimists Club and the Better Baby Bureau. There's a lot of things the newspaper business knows about that ought to be explained to plumbers, carpenters, electricians, bakers, and we've got plenty of good boys in our outfit that can tell 'em. If we can't talk NEWSPAPERS on our own platform we might try talking about 'em on the other fellow's. Even if we didn't get re-elected, we would at least be EVEN, and that's something! And now if there is nothing further, the meetin' will stand adjourned.

## AT THE Churches

**COMMUNITY CHURCH**  
South Bay  
Alva School, 9:45 a. m.  
10:00 a. m.—Sunday school, Mrs. H. C. Willett, superintendent.  
11:00 a. m.—Morning worship.

**BAPTIST CHURCH**  
South Bay  
P. C. Bloss, pastor.  
First and third Sunday a. m. 7:30 and fourth Sunday p. m. 7:30.

**CHURCH OF THE NAZARENE**  
Pahokee  
Sunday school, 9:45 a. m.  
Junior society, 7 p. m.  
Young people's meeting, 7:30 p. m.  
Mid-week prayer meeting, Thursdays, 8 p. m.

**FIRST BAPTIST CHURCH**  
Pahokee  
Jack P. Dalton, Pastor  
Sunday school, 9:45 a. m.  
Preaching service, 11 a. m.  
Evening service, 8 p. m.  
W. P. U., 7:30 p. m.  
Prayer meeting, Wednesday, 8 p. m.

**METHODIST CHURCH**  
Pahokee  
John Pendleton Gaines, Pastor  
Church school, Sunday, 9:45 a. m.  
Morning worship, Sunday, 11:00 o'clock.  
Young People's group, Sunday, 7:00 p. m.  
Evening worship, Sunday, 8:00 o'clock.

**FIRST BAPTIST CHURCH**  
Belle Glade  
Wm. Marston Sentell, Pastor  
10:00 a. m.—Bible school; G. I. Evans, superintendent.  
11:00 a. m.—Sermon by pastor on "Thanksgiving and Thanksgiving."

7:30 p. m.—Sermon by pastor on "The Wounds of Wrong-doing."

The public is cordially invited.

To The Editor, Everglades News: To those who deplore the decline of missionary work in many of the churches, it may be of interest to know that at the World Conference of Seventh-Day Adventists, held in the civic auditorium at San Francisco, California, in June, in one offering more than \$70,000.00 was donated for the cause of missions. The usual collection plates were not deep enough to hold the cash and checks turned in so the ushers passed around wire waterpocket baskets, which were filled in less than fifteen minutes!

The Literary Digest of August last carried a news item concerning Chief Karta Ragson, who is now in America, calling him "The Cannibal King of Solomon Islands." This chief is an ordained minister of the Seventh-Day Adventist denomination, at present traveling and lecturing in the United States. The editor failed to state, however, that when the chief last home 28 ministers to more than 5,000 Solomon Islanders, who, like himself, have received head-hunting and cannibalism and have embraced Christianity. He might also have added that this mission board is operating twelve other organized missions working among an equal number of island groups in the Pacific Ocean, and that in all these groups of islands there are thousands who have in like manner been plucked out of filthy and heathen darkness, and head-hunting and devilish practices. The fact that Seventh-Day Adventists are appropriating annually over \$5,000,000 for uplift work in a total of 353 countries and islands, and that their appropriations to missions have increased 254% in the last twenty years.

Recognizing the type of work carried on, the public interest has given liberal support, having contributed during a period of over twenty-five years, the sum of \$15,127,641.00. Through the annual Harvest Ingathering campaign, sufficient funds have been received from the general public to maintain more than one-third of the world-wide uplift work now being carried forward by Seventh-Day Adventists in those days.

During the first nine months of 1936, the truck plant produced 91,500 trucks and commercial cars, as against 62,488 for the same period in 1935. Highest monthly production this year occurred in April, when 11,061 units were turned out.

Production during September just passed, showed a gain of approximately 11 per cent over the same month of last year, with October manufacturing operations still holding to unusually high levels.

Present indications are that the company will reach, and exceed, the 100,000 unit quota for 1936, a mark that was set by Mr. Burke last December.

Mr. Burke said, "As the Dodge Truck plant will continue its manufacturing operations at high levels for an indefinite period. Most of the records so far this year reveal no appreciable declines, an unusually favorable situation in the truck industry. All types of units come off the assembly line daily. Special purpose bodies so far this year have consisted of approximately one-third of the total output of trucks, which reveals the wide selection in bodies available on Dodge trucks. The company has produced an unusually large number of special purpose trucks for the last several months."

Through the annual Harvest Ingathering campaign, sufficient funds have been received from the general public to maintain more than one-third of the world-wide uplift work now being carried forward by Seventh-Day Adventists in those days.

During the first nine months of 1936, the truck plant produced 91,500 trucks and commercial cars, as against 62,488 for the same period in 1935. Highest monthly production this year occurred in April, when 11,061 units were turned out.

Production during September just passed, showed a gain of approximately 11 per cent over the same month of last year, with October manufacturing operations still holding to unusually high levels.

Present indications are that the company will reach, and exceed, the 100,000 unit quota for 1936, a mark that was set by Mr. Burke last December.

Mr. Burke said, "As the Dodge Truck plant will continue its manufacturing operations at high levels for an

## SOUTH BAY NEWS

C. D. Byrd arrived here last week after a business trip to Cuba. He states that crops there are excellent, lima beans are now moving and snapbeans, eggplant, pepper, etc., will be moving in quantity by December 1. Mr. Byrd is making his headquarters in Miami this season.

Mrs. W. C. Allen, son, William, Jr., and Mrs. Minnie Hester were business callers in West Palm Beach recently.

The Rev. R. D. Carrin, assistant state evangelist of the State Board of Missions, conducted the services at the First Baptist church Sunday.

C. W. Grogan, Sunday to West Palm Beach. Sunday to visit Mrs. Grogan, who is spending some time at her home there.

Miss Mary Collar returned Sunday afternoon from a visit with relatives and friends in Boynton, her mother and sister motored her out and remained for an evening lunch.

Mr. and Mrs. W. H. Rawle, Mr. and Mrs. M. C. Hardy and Mrs. C. E. Fortes enjoyed a day's outing at Lake Trafford on Sunday.

The Rev. A. B. Peck will preach on the subject, "Why Thanksgiving," at the Community church next Sunday. Special music will be a feature of the service.

Mr. and Mrs. Alvin Graff, Lyle and Allen Dean, Mrs. C. P. Hayes and daughter, Margaret, visited in West Palm Beach Monday.

Mrs. J. S. Scipio, who has been quiet ill at her home on Sebring Farms for some time, is reported to be somewhat improved.

Mrs. Bertha Pemberton, Mrs. Zelma Betner and daughter, Dorothy, of Belle Glade visited Mrs. Mary Alberta Sunday.

Miss Ruth Anderson of Washington, Ga., is a house guest of her sister, Mrs. Roy Norman.

Mrs. Louise Rawle was an overnight guest of Mrs. E. Byrd in Miami on Thursday.

U. S. Deputy Marshal D. L. Campbell of Miami visited Miss Billie Scott and other friends at Lake Harbor over the week end.

The fill for the new Sinclair station to be erected on the highway at the western edge of town has been completed and piling for the structure will go in within a few days. A. E. Kirchman is putting up the station.

R. G. Acken of New York City and Clarence Bell of Sanford were business callers here and in Lake Harbor Monday.

Mrs. Laura Crow of Clearwater is a house guest of her daughter, Mrs. E. M. Willis, this week.

Mrs. William Mack and three children, Earl, Barbara and Billy, left Monday for their home here in St. Cloud. Mrs. Mack will return later in the week for Mr. Mack, who is finishing up his business here.

O. W. Manning of Bean City made a business trip to West Palm Beach Monday.

Elders A. Newell Dodge of Salt Lake City and James G. Bundy of Mr. Trumbull, Ariz., spent the week end here, conducting services at the Mormon church and

## National Park In Florida Is Outstanding

Importance of Reservation Is Stressed by Curator

MIAMI, Nov. 19.—The unwritten history of a Florida which existed, in well organized community life, long before the present established records, is well represented in the shell mounds which have been discovered within the area set aside by the Department of the Interior as the Everglades National Park.

Outstanding among these are a series of mounds of round or ridge shape along the borders of the Turner River in Collier county within the authorized western boundary of the park.

It is apparent, from the character of these mounds, that the primitive inhabitants of the region along the coast depended greatly on shell fish as the mainstay of their diet, constructing the mounds from the discarded shells beneath which are buried evidences of that early form of life.

From the character of their construction is revealed fortress

visiting among the members of the church for several days.

H. C. Norman of Washington, Ga., is visiting relatives here.

The young son of Mr. and Mrs. Nellie Greer was painfully injured

when he accidentally caught his arm in the wringer of an electric washer.

like communities, with inland harbor and facilities designed for a well ordered social existence.

The importance of the preservation of these mounds in the Turner River region was stressed as early as 1922 by Dr. Ales Hrdlicka, curator of the division of anthropology of the Smithsonian Institution in his "Anthropology of Florida" in which he made a statement that they should be saved for posterity probably through a national reservation and again in a recent letter addressed to Ernest F. Coe, chairman of the Everglades National Park association, in which he said "The Turner River region should, by all means, be included in the park for the mounds at its mouth are the very best of the kind along the whole coast."

Other mounds of lesser importance have been discovered elsewhere within the park. Mr. Coe revealed, in a trip into the Cape Sable region, following the Labor Day storm of 1935, the park chairman found washed out a stone tomahawk of ancient vintage of a material not known to exist within Florida. This, he believes, reveals that these early peoples even then had communication with far places. He also picked up nearby fragments of pottery carrying well wrought design, showing an appreciation of artistic culture among the Florida primitives.

Not only, the park chairman declared, are these mounds scientifically significant, but they will prove thrilling to the visitors who will come to the park area in the hundreds of thousands annually.

It is the preservation of such records, according to national park authorities, combined with the many unique features of this area which will make the Everglades National Park outstanding in the national system of parks.

Don't fail to see the foot ball game tonight between Pahokee and Dians.

## PONTIAC LOOKS FOR A RECORD YEAR OF SALES

"Everyone who is familiar with the automobile industry believes that there will be a large increase in sales in 1937, even to the point of surpassing 1929. But, whatever the industry's total will be, Pontiac is expected to obtain a still larger share than it did in 1936."

That is the statement of C. P. Simpson, vice president and general sales manager of Pontiac Motor company. Mr. Simpson sums up his reasons for this large expected increase in Pontiac sales under five heads.

"First," he said, "we know from the records of the industry that there is a widening market for the purchase of cars in our price class. The largest gain in sales this year has been in this price group just above the lowest. And that is the group Pontiac occupies."

"This same condition prevails in other lines also. People now are willing to buy a little better than the lowest priced articles and this is true of radios, electrical appliances, clothing and even houses."

"Then, our records show that our 1936 cars have had the best acceptance among our owners of any car in Pontiac's history. We have plenty of ways to determine that through the records of our

service department, the sale of repair parts, complaints received, reports from dealers and letters from owners."

"Added to that splendid acceptance there is not the slightest doubt that the 1937 Pontiac will be the finest car the company ever has built. And that will mean still greater owner acceptance."

"A fourth reason is that our dealer organization today is the strongest and best in the history of the company. We have been improving the quality of dealers in hundreds of cities. Where we could obtain better dealers in multiple dealer cities, we reduced the total number so that the new dealers could do a bigger and better business. And we have new dealers in many smaller places where there never has been representation."

"As proof that our dealers are stronger, more than 90 per cent of them are making money this year compared with 86 per cent in 1935. Then lastly, we have set up a larger advertising budget for 1937 which should have its beneficial effect on sales."

"As near as we can determine every element in the Pontiac picture for next year points to greater sales."

## SIKES NAMED PRESIDENT OF FLORIDA PRESS

PENSACOLA, Nov. 19.—(FNS)—Robert F. Sikes, publisher of the Okaloosa News Journal and representative from his county in the next legislature, was chosen by Florida newspaper men to head their organization for the coming year as president, succeeding George L. Burr, Jr., of Winter Haven.

Don Lochner, Clermont Press was elected first vice president and G. A. Coup of the Miami Review and Daily Record, second vice president. Henry Hudson, Titusville Star Advocate, and Russell Kay, Florida News Service, Tampa, were re-elected to the respective posts of treasurer and secretary.

The election of officers closed a 2-day session attended by approximately 100 publishers. Speakers appearing on the various sessions were Walter L. Hays representing the Florida State Junior Chamber of Commerce who outlined the plan of that organization for the removal of cattle from state highways; Asher Frank, state safety director, who proposed a drivers license law for the state and a law making drivers liable for accidents; Harry Lee Baker, state forester explained the work of his

department and urged cooperation of publishers in giving publicity to it; W. T. Cash, state librarian, gave an interesting talk on newspaper "Old Times."

Speakers on the annual banquet program were John Temple Graves II of Birmingham, Hon. C. O. Andrews, U. S. Senator elect; Millard F. Caldwell, congressman, and president-elect of the Florida State Senate D. Stuart Gillis.

Hollywood Beach was selected for the spring meeting and Tallahassee for the fall session with dates to be set by the incoming president.

**OPENING TUESDAY**  
*November Twenty-fourth, 9a. m.*

# HATCH'S

## NEW STORE BUILDING

**WE'RE ready!** Ready to open our shining new doors and welcome you! There will be neither fuss nor feathers, bands playing nor flags flying. We've eliminated all the ceremonials and shall go quietly about serving you Tuesday morning, November 24th... in our usual manner. To all appearances, it is a new Hatch's... from gleaming modern exterior to every corner of the colorful, spacious interior; newly designed, newly built, newly decorated, newly fitted! But at heart, it is the old Hatch's. You will find the very same ideals and the same policies that have been ours during the past twenty-four years of service. You will find the same fine quality in our merchandise, the same fashion rightness, the same dependability. A new Hatch's born of the old.

- **FOR YOURSELF:** the newest, smartest, most covetable merchandise it is possible to find. Fashions, of course, far in advance.
- **FOR YOUR SAFETY:** two new mechanically perfect elevators that automatically level themselves at each floor. Shatter proof glass doors.
- **FOR YOUR COMFORT:** a new process in air conditioning that filters, tempers and gently circulates the air, without creating drafts.
- **FOR YOUR VISION:** indirect lighting, far more powerful than our old system but entirely without glare. The ideal light for shopping.

Store Hours 9 A.M. To 6 P.M.

HATCH'S—WEST PALM BEACH

**THE New Ford V-8 for 1937 is the most beautiful Ford car ever offered. It is built in only one size—one standard of roomy comfort and modern appearance. But you may have either the improved 85-horsepower V-8 engine for maximum performance—or the new 60-horsepower V-8 engine for maximum economy. The smaller engine makes possible a lighter car—lower operating costs—and a lower price.**

**When you drive the 1937 Ford with the 85-horsepower V-8 engine, you are master of a power plant that gives everything you can possibly demand in speed and acceleration. Today, improved valvetrain performance with unusually low gasoline consumption.**

**The new 60-horsepower V-type 8-cylinder engine delivers V-8 smoothness and quietness—even at speeds up to 70 miles an hour—with gasoline mileage so high that it creates an entirely new standard of economy in modern motor car operation.**

**We invite you to see this new Ford car, and arrange to have one equipped with the engine that fits your needs.**

**BASE \$480 AND UP PRICES**

**At Dearborn Plant**

**Taxes, Delivery and Handling, Bumpers, Spare Tire and Accessories Additional**

**Body types available with 60 or 85 horsepower engine (without de luxe equipment):** Tudor Sedan, Tudor Touring Sedan, Fordor Sedan, Fordor Touring Sedan, Firewindow Coupe

**... de Luxe types, with 85-horsepower engine:** Tudor Sedan, Tudor Touring Sedan, Fordor Sedan, Fordor Touring Sedan, Firewindow Coupe, Roadster, Phaeton, Club Cabriolet, Convertible Cabriolet, Club Coupe, Convertible Sedan.

**AUTHORIZED FORD FINANCE PLANS \$25 a month, after usual downpayment, have any model 1937 Ford V-8 car—new or used dealer—anywhere in the United States. Ask your Ford dealer about the very personal plans of the National Credit Company.**

**FEATURES**

**APPEARANCE—**A newly designed car. Hood lamps recessed in fender apertures. Modern lid-type hood lined at the back. Larger luggage space. Spare tire enclosed within body. Completely new interiors. Slanting V-type windshield completely in all closed cars.

**COMFORT AND QUIET—**A big, roomy car. Extra space in the body, not taken up by the engine under the hood. Comfort of the Center-Pulse Ride further increased by smoother action of the long-springing springs, with new pressure lubrication. New methods of mounting body and engine make this a quieter car.

**SAFETY**

**BRAKES—**New Easy-Action Safety Brakes, of the cable and conduit control type. "The safety of steel drum pedal to wheel." Self-energizing—car momentum is used to help apply the brakes. Tests show that about one-third less pedal pressure is required to stop the car.

**BODY—**Not an ounce of wood used for structural strength. Frame structure's steel, sheathed with steel panels—top, sides and floor. All are welded into a single steel unit of great strength. Safety Glass all around at no extra charge.

### FINDS OLD RELIC

Newport News, Va.—A huge millstone, 500 pounds in weight, was washed up by the recent storm and left on the sands of Buckroe Beach. G. C. Corbett and his son who found the stone, tilted it on edge and rolled it to their home. It is believed to be from an old Indian corn-grinding mill which stood in the vicinity many years ago.

### SERVICE ON THE HOOF

The telegraph-pole gang had come into the lurchroom straight off the job and they were hun-

ky. "What'll you have?" asked the lady in waiting of one of the gang's biggest and toughest. "Beef." "How do you want it?" she persisted. Joe waved an enormous and impatient hand. "Oh, drive in the steer and I'll bite off what I want."—From an Exchange.

Gunmen operated in a Philadelphia hospital and took out \$4,000. The operation was a success, but the patient died. Now the police are anxious to start the carving.

## Pahokee and PERSONALS Canal Point Society

Mrs. Lewis Carrol spent the week end in Lake Worth with Mr. Carrol. She was accompanied by Miss Nell Dunaway, who visited friends in West Palm Beach.

Mrs. Jess L. Elliott and son left Saturday for Lakeland to visit Mrs. Elliott's parents, Mr. and Mrs. C. J. Wheeler.

Word has been received that Mr. and Mrs. Brown Gilbert of Bellefonte, Pa., formerly of Pahokee, have a daughter, born November 6.

Hazel Elliott is house guest of Miss Elizabeth Sanders in West Palm Beach this week.

Patsy Anna Creed, who has been in the hospital at West Palm Beach for the past ten days, is expected home soon.

Mrs. Elmer Jones was called to Wauchula Sunday to the bedside of her father, C. F. Searcy, who is very ill.

Mrs. George C. McLarty visited Mrs. J. C. Doolittle, who is a patient at the hospital in West Palm Beach, Saturday.

L. L. Shirley left Saturday for Port Arthur and Houston, Texas, on a ten-day free trip sponsored by the Gulf Oil company.

Miss Marjorie Paulette, who has been attending school in Atlanta, has accepted a position with the General Motors company in Chattanooga, Tenn.

Mrs. W. S. Stuckey gave a party Sunday in honor of her younger son, Lenny's fifth birthday. After an afternoon spent playing lawn games, ice cream, cake, lemonade and candy were served to Milton Carpenter, Donald and Joy Padgett, Carline and Jerry Cone, Willie, J. T. and Catherine Querry, Lenny Stuckey, Blanche Stevens, R. D. Hickman, Mrs. W. A. Stevens, Mrs. C. T. Cone, Mrs. J. T. Querry, Mrs. Bill Kincaid, Billy Stuckey, Lilly Padgett and Dorothea Carpenter.

Frank Rezzelle went to Jacksonville the first of the week on business for B. Elliott, Ford dealer.

John L. Harold has been released from the hospital and is leaving for his home in Center Hill to convalesce.

Mr. and Mrs. Mike Hoperich and baby son spent Sunday and Monday in Sebring and Tampa.

Mr. and Mrs. Jack Hoxie and son, Jackie, of Denville Bros. circus were week end guests of Dr. and Mrs. B. F. Hughes.

Mrs. Raymond Christian is with her mother, Mrs. A. L. Sanders, in West Palm Beach this week.

Mrs. H. S. Lovett left Sunday to spend a few days with her sister, Mrs. E. F. Jones, of Lake Worth.

Miss Beatrice Crews, who has been ill for the past two weeks, is able to be up again.

Mrs. H. L. Jaudon has returned home after a week's visit, with relatives and friends in Tampa.

Mrs. Frank Colson has obtained a leave of absence from the Senior high school for the first semester on account of illness. Mrs. James E. Beardsley of Clewiston is teaching in her place.

Miss Alice Padgett has accepted a position in Kahn's store as bookkeeper.

Mrs. J. B. Elliott and Mrs. George McLarty visited Mrs. Clyde Doolittle at the Good Samaritan hospital in West Palm Beach Saturday afternoon.

Mr. and Mrs. O. B. Crews had as their dinner guests Sunday Mrs. Annie Parks and children of Indianola.

Mrs. H. Stolop of Philadelphia, Pa., has joined her husband here for the farming season and is staying with the Littmans.

Leo Weinstein, who is a New York produce broker, is spending several weeks here on business.

Miss Ona Belk of Miami visited her brother, G. M. Belk, and family Sunday.

Mrs. Hugo Boe has been confined to her home on account of illness during the past week.

Mrs. A. J. Ludeman of Canal Point spent Sunday with relatives in Vero Beach.

Mrs. W. H. Vann, Mrs. Minnie Hughes and Mrs. R. F. Hughes attended the Bass-Stirling wedding in Belle Glade Sunday afternoon.

### Seal Sales To—

(Continued from Page 1)  
patients, including 50 negroes who will be cared for in a separate building by an arcade.  
"The State of Florida," said Dr. McCain, "has instituted one of the most forward-looking and humane efforts in its history to stamp out tuberculosis."

"I am sure that the population of the commonwealth is so solidly behind its officials in their desire to reduce the death rate caused by the White Plague. An opportunity for the citizens of Florida to demonstrate their cooperation in this great crusade will be given on Thanksgiving Day, when the annual tuberculosis Christmas Seal sale will be inaugurated."

These little stickers, attractive decorations for the holiday mail, will remind the world that Florida is willing to do more than its share to relieve the indescribable suffering to, and demoralization of humanity caused by tuberculosis."

### State Chamber—

(Continued from Page One)  
W. Rose, Orlando; and Dr. J. H. Therrill, Ocala. Mr. Wagg will preside.

All delegates will attend the civic luncheon sponsored by the Florida League of Municipalities and the Florida Commercial Secretaries' association. Mr. M. M. Dunderick, Bradenton, president of the state secretaries' group will preside. Speakers at the luncheon will be Mayor R. E. L. Chaney of Washington, D. C., secretary of Chamber of Commerce of the United States, and L. P. Dickie, Atlanta, Ga., manager of the Southeastern Division of the national chamber.

All sessions will be held in the George Washington hotel, West Palm Beach.

### Comptroller Will—

(Continued from Page 1)  
their records at my office. If criminal prosecution is necessary to enforce the payments, we will start criminal prosecutions through cooperation with the state attorneys and other prosecuting officers."

"I am giving my agents definite and emphatic instructions to get the taxes or take legal action." The gross receipts tax of one half per cent became due February 25 when the supreme court upheld the validity of this phase of the law. It is payable monthly. The occupational license, ranging from \$10 on a single store up to \$400 on each store in chains of 16 or more, was due July 1, 1935, for the 1935-36 year, and were due July 1, 1936, for the 1936-37 year. They are payable annually.

### Belle Glade In—

(Continued from Page 1)  
board invited the college's board of governors to appoint a committee to confer with school officials in working out financial plans for operating the college hereafter.

While the college uses Palm Beach high school facilities and teachers, it was explained, the school board has no legal authority to finance it. Nevertheless, the school board has in a segregated fund \$2,166.45 of money received as college tuitions, although, it was stated, bills against the college would offset this fund. There was discussion as to whether this money or some of it ought to be paid the school board as rent for the building the college uses. The college now has 95 students.
